# JCP annual elections

October 16, 2012

Background: the EC merge and the elections

- After the October 2012 elections we will merge the two ECs and eliminate Oracle's and IBM's duplicate seats, resulting in a single EC with 30 members.

- JCP 2.8 gives us the option, in anticipation of the Merge, not to fill ratified seats that become vacant before the 2013 election.

- During the 2012 elections all seats will be labeled generically as *EC seats* rather than as *ME or SE/EE seats.*

- During the 2013 elections we will eliminate three ratified and two elected seats, reducing the size of the EC to 25.
  - All sitting members will be required to run for re-election.

Java Community Process

The current composition of the ECs

Seats expiring in 2012	
Ratified (SE/EE)	Credit Suisse, Fujitsu, HP, IBM
Ratified (ME)	AT&T, Siemens, T-Mobile, Vodafone

Java
Community
Process

Ratified seats

- Six "ex-ME" ratified seats are available: those held by Samsung, SK Telecom, AT&T, Siemens, T-Mobile, and Vodafone.
- Three "ex-SE/EE" ratified seats are available: those held by Credit Suisse, Fujitsu, and HP (IBM's SE/EE seat is being eliminated.)
- Nominations for "merged" ratified seats:
  - Cinterion, Credit Suisse, Fujitsu, and HP.
- Five seats will be held in reserve for 2013.
  - Three of them will be eliminated then.

Java Community Process

Elected seats

- Two elected seats will be contested in 2012: the seat currently held by the London Java Community and the seat previously held by CableLabs.

- Candidates: Cisco, CloudBees, Giuseppe Dell'Abate, Liferay, London Java Community, Morocco JUG, North Sixty-One, Software AG, Zero Turnaround.
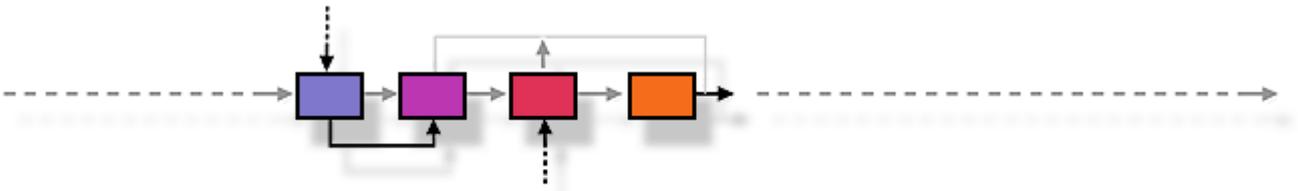

Schedule and nominee information
