Oracle and Java (EE)?

Background

- Rumours are that Oracle is de-investing in Java EE

    - Reduced or slow standards efforts

    - InfoWorld article

- Red Hat (and others?) continues to see Java EE as important

Questions

- What is Oracle's view of the future of Java and Java EE?

- Is Oracle continuing to place as much importance in Java EE (standards)?

    - Customers (not just Red Hat's) and communities are concerned.

- Is Oracle relying on others picking up the baton?

- Any impact on the JCP EC?
