

Java Community Process (JCP) Program Executive Committee (EC) Participation Record
4 December 2008 - 14 October 2009

These statistics on participation (EC ballots voted and EC Meetings attended) by the JCP program EC members were compiled by the JCP Program Management Office (PMO). The record runs from December to October because these EC Members took office in December 2008. Nortel and Philips resigned mid-term, so they have not been included in the statistics. Aplix joined the EC in Spring 2009 and their statistics have been adjusted accordingly. Please contact pmo@jcp.org if you have any questions.
