

JavaOne

March 18-20, 2025

Oracle Conference Center, Redwood Shores, Calif.

Key Features

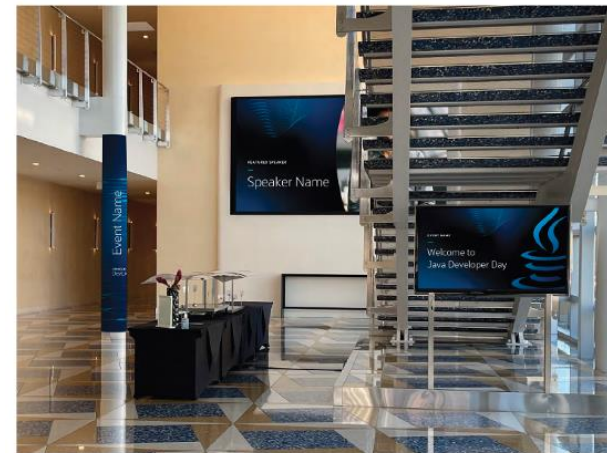

1. Designed, organized, ran by the Java Platform Group
2. First event not co-located with Oracle's conference in 15 years
3. First event back in Bay Area in 7 years
4. Almost entirely Java focused (with a few community talk exceptions)
5. Smaller, intimate event, designed for interaction and networking
6. Half community content, half direct from Java team
7. Fairly advanced content

Venue

Oracle Conference Center, Redwood Shores Campus

Oracle Conference Center exterior entryway

Oracle Conference lobby

Tentative Schedule

Monday March 17

- Java Leader Summit
- Education Summit

Tuesday 18 - 20

- Main Conference (Sessions, Hands-on Labs, etc.)
- Java 23 Launch Stream

Friday 20

- JCP EC Meeting

Tracks

1. Core Java Platform
2. UI, Client, and Frontend
3. Enterprise Java, Cloud, and Database
