

JavaOne 2026

Georges Saab

SVP, Java Platform Group

JavaOne 2026

Rich History, Stronger Future

Experience Java's renaissance! JavaOne will highlight the strongest technical roadmap of all time.

By developers, for developers

Inclusive of the Java ecosystem across all elements of experience – sessions, demos, networking, hallway track, down to the smallest details.

Insight from the Source

Participation by core architects, project leads, and DevRel team from Oracle's Java Platform Group.

Core Tenants

- Experiential and educational format
- Java + relevant complementary technologies
- Sessions are ~50% core JDK team, ~50% Java ecosystem
- Strong architects presence from Oracle's Java Platform Group
- Livestreaming JDK 26 Launch and keynotes
- Record all learning sessions for on-demand replay on youtube.com/java
