DEFINITIONS

The definitions found in the JCP Process Document also apply to this document.

The use of the term day or days in this document refers to calendar days unless otherwise specified.

EC MEETINGS

MEETING ARRANGEMENTS

The Executive Committees of the JCP meet jointly about once a month, either in person or in teleconference, to fulfill the responsibilities defined here and in the JCP Process document.

All EC meeting information documents, including minutes and attendance statistics, are kept in the EC public web site located at http://jcp.org/en/participation/committee

In exceptional cases, at the request of an EC member (with no need for a second), an EC may agree to go into private session in order to cover a specific topic, and only for the duration of that coverage. Private sessions are strongly discouraged. Minutes are also taken during private session, but are not published publicly; this is the only case in which two separate minutes are maintained.

EC meetings are chaired by the Chair, who also keeps minutes. The minutes shall be published no later than fourteen calendar days after the meeting. If the EC went into private session during the meeting, there will be one set of private minutes, recording the private session, in addition to the usual public minutes. All minutes will be marked “preliminary, not approved” until approved by the EC at the next meeting. After approval, the minutes will be marked “approved” and will be posted to the appropriate web site.

EC meetings are conducted in the spirit of Robert’s Rules of Order, with Consensus and making progress for the community given priority over strict adherence to formal procedure. The process operates best when EC members and the PMO are not forced to resort to the specifics of the rules.

Attendance at meetings is mandatory:

- Missing two meetings in a row (whether teleconference or face-to-face meetings) results in loss of
JSR ballot and EC voting privileges. Privileges are regained after full attendance of two consecutive meetings.

- Missing five meetings in a row, or missing more than 2/3s of all meetings in any consecutive 12 month period, results in loss of EC membership.
- The PMO shall provide regular attendance reports to the EC, and shall issue warnings to those who are at risk of losing membership.
- Under exceptional circumstances, to be determined on a case-by-case basis, the EC may waive either of the above penalties.

Quorum for EC meetings is 75% of EC voting members for each EC (in other words, each EC must have 75% of its voting members represented, not 75% of the total EC membership). It is possible for one EC to be quorate and the other not. Depending on the matter under consideration, the Chair may deem it appropriate for the quorate EC to conduct a ballot. Otherwise, if there is no quorum, the EC may have discussion, but can take no action and make no decision until the next quorate meeting or until an electronic ballot is set up (see below, Electronic Voting).

EC meetings must be scheduled at least 10 calendar days in advance for teleconference meetings, and at least 30 calendar days in advance for face-to-face meetings, at which time the meeting location must be also announced.

In addition to the regular monthly meetings, the EC’s shall organize the following meetings with the active help of the PMO:

1. A semi-annual teleconference with all JCP members. The agenda for these meetings shall incorporate, at the EC’s discretion, topics suggested by the membership in response to the meeting invitation, which shall solicit such input with sufficient advance time, as well as provide clear instructions on how to join the meeting;

2. An annual face to face meeting with all JCP members if an appropriate venue, such the JavaOne conference or equivalent, is available for co-location. Whenever possible no fee should be charged for attending this meeting. As above, the agenda for this annual meeting shall include, at the EC’s discretion, topics suggested by the membership.

To facilitate the organization and receipt of topic suggestions as specified above, the EC shall set up a (possibly moderated) public email list (with the corresponding public archive), which can also be used by all JCP members and public to provide feedback to the EC.

EC members shall at all times adhere to the following policies in connection with their JCP activities:

(a) The Executive Committee shall review JSRs in a manner that provides all persons affected by a proposed Specification to have an opportunity to participate in the process.

(b) Executive Committee voting members should cast their JSR ballots with the goal of promoting the efficient evolution of the Java platform.

(c) Any communications among Executive Committee members in the course of their JCP activities should take into account the caveats expressed with respect to antitrust laws in section 5.3, “EC Duties and Responsibilities” of the Process Document, item (8).

AGENDA

The Chair and EC members may submit agenda items (either for discussion of for action) by emailing those items to the EC aliases at any time. Agenda items will be scheduled for the next available meeting, depending on availability and timing.

A preliminary agenda must be submitted by the Chair at least 7 calendar days before the meeting. EC members may suggest additional items for the agenda at that time, if they have not already done so in previous meetings or emails.

The Chair should email the final agenda 4 calendar days before a meeting. Absent an agenda, the EC
members present at the meeting may agree on one at that time, and proceed accordingly.

The final meeting agenda must clearly identify where possible which items are for discussion and which are for action, and it should be posted to the public site.

Agenda items may be changed or added at the beginning of the meeting, if there is Consensus to do so.

Meeting materials (presentations, statistics, documents) must be posted on the EC site (http://jcp.org/en/ec/my) at least 3 calendar days in advance of the meeting. Meeting materials may not be made public until after the meeting, lest they be part of an private session. Otherwise, an agenda item for which its supporting materials are not ready on time may be removed from consideration by the Chair. However, the agenda item may be still considered, with the late materials, if there is Consensus to do so.

Supporting materials for any agenda item may be updated at the beginning of the meeting if there is Consensus to do so.

Agenda items for discussion will be opened to the floor for discussion and comment.

Agenda items for action will be opened to the floor for discussion and comment, with the goal being to achieve Consensus on the proposed action. When Consensus is reached after a long discussion, the Chair shall present to the EC members a clear statement of what will be recorded in the minutes as the EC Consensus.

VOTING

All JSR ballots will be conducted electronically, as specified in the JCP Process Document, and the results made public.

All actions of the EC, except as it pertains to JSR’s, should be by Consensus whenever possible. EC members who disagree with an action of the EC, but are willing to drop their objection to reach Consensus may have a brief statement included in the minutes.

In the absence of Consensus, the Chair may determine that a ballot shall be conducted.

Any motion in the agenda that cannot be acted on for lack of quorum may be brought to an electronic ballot at the request of the mover, following the process specified in the Section “Electronic Voting”.

All EC decisions are to be understood as being advisory in nature except as they pertain to JSR related ballots.

The table in Appendix B shall be used as a guide in determining the order of precedence for motions, and the voting required for the motion to pass. Electronic ballot periods last 7 days except where noted otherwise in this document.

EC Voting Members may cast three types of votes: "yes", "no" and "abstain". Explicit abstentions are strongly discouraged. In the extreme and most undesirable case, an EC member may not vote at all. No vote will be recorded for absent members.

For the purpose of calculating the voting results, a majority is achieved when the result of dividing the yes votes by the sum of the yes and no votes is larger than 0.50.

Except where noted otherwise in this document, EC voting – whether electronic or not - is approved if (a) a majority of the votes cast are “yes” votes, and (b) a minimum of 5 “yes” votes are cast.

“No” votes should be accompanied by an explanation along with changes (if any) that would lead to change the vote to “yes”.

It is highly recommended that abstentions be accompanied by comments.

EC motions and any specific voting results will be recorded in the EC minutes.

ELECTRONIC VOTING

Although there is a strong preference for in-session ballots whenever possible rather than electronic ones,
any EC Member may request that a motion be voted on by the ECs through an electronic ballot. The topic
directed by the motion, as well as the general nature of the motion, must have been discussed at an EC
meeting before the electronic voting.

An electronic ballot is requested by sending an email to the EC email list with the words “EC Ballot
Request” in the subject title. Another EC Member must second the request. The request must include a
clearly labeled motion to be voted on by the EC. It is considered good practice to discuss a motion at an
EC meeting, or to circulate it for comment on the EC list, before requesting a ballot.

Within 7 days of receipt of the request and the second by another EC Member, the PMO will send email to
the EC email list starting the electronic ballot on the motion. The duration of the ballot is 14 days (closing
on midnight Pacific time on the 14th day) to ensure that all voting members have time to consider the
motion before voting.

The PMO may conduct the ballot by instructing EC Voting Members to vote through a PMO provided or
designated website or may instruct the EC to vote by email. In either case, EC Voting Members are able to
change their vote up to the end of the voting period. When the ballot is conducted by email, EC Members
vote by sending email to the EC list in reply to the PMO’s email announcing the ballot. The PMO tabulates
the results.

Options for votes (ie yes, no, abstain) and the number of votes needed to pass are the same as during
meetings.

The PMO will report the results of the ballot within 7 calendar days, either to the email list or at an EC
meeting, at which time the full text of the motion and voting totals shall be recorded in the meeting
minutes.

APPENDIX A: REVISING THIS DOCUMENT

To revise this document, a formal proposal must be submitted to the EC in the form of a Final Draft. The
draft will be published by the PMO for 30-day review during which EC members and the public can
comment on the proposal. The EC will formally track comments as Expert Groups are required to do for
JSRs. At the end of the review period, and after proper disposition of comments and possible revision of
the Draft, it will be subjected to a ballot by both ECs. In order for the ballot to pass, for each EC the
following must be true: (a) a majority of the votes cast are “yes”, and (b) there is a minimum of 5 “yes”
votes. If the ballot fails revised Final Drafts may be submitted for additional ballots at any subsequent time.
